

# Joel 3 – Promise of Redemption

In that day the smaller nations (mountains) will rejoice (wort) and the larger nations (hills) will produce food in abundance (milk). Hills and Mountains are biblical figures to refer to nations, with mountains referring to small kingdoms, and hills to great nations. Israel is compared to a mountain and the great civilizations of antiquity to hills. Ex: Babylon, Egypt, etc. Must is a figure of joy, rejoicing and milk a figure of food in abundance.
