

# Chineke na-ekpe ikpe ziri ezi

Obu ihe ekwenye netiti ufodu ndi akuko ihe banyere mo nke Chineke nekwu na madu “dika agasi na ha bu ndi ziri ezi” site n’okwukwe ha nwere na Kraist, ya bu na ha edoworo ebe ha no. Maka ufodu, n’ime ha anyi na-eme ka Dr. Scofield puta ihè, ‘Chineke kwuputara na onye mmehie bu onye ezi omume’, ya bu, o na-ekwu na Chineke ‘anaghi eme mmadu ka o buru onye ezi omume’.

---

## Chineke na-ekpe ikpe ziri ezi

Okwu a bu ‘izi ezi’ (Dikaiosis) mgbe Pol onye ozi ji ya narutu aka bu ihe bu ezi okwu, otu uzo ahu ndi ozo bu David jiri okwu a bu ‘ezi omume’ (hitsdik) zoo aka nihi na Chineke bu onye ezi omume.

Pol onyeozu jiri okwu Grik nwere otu okwu dika okwu Hibru bu ‘ihe ziri ezi’ putara ndi kristian n’ihi na ha bu ndi ezi omume “... ya mere na anagu unu na ezi omume mgbe unu nekwu okwu ...” (Rom 3: 4; Abuoma 51: 4) . E kere ndi ahụ kwere ozo n’onodu oheru na nke a kapiri onu: ezi ikpe ziri ezi na idi nsọ (Efe 4:24).

Okwu eji na agba ohu nye ndi ziri ezi, na Greek, bu: Dikaios (just); Dikaiosis (izi ezi, igbachitere, izoro ikike), na; Dikaioo (inwe ma o bu mata di ka ihe ziri ezi). Na Agba Ochie okwu a bu hitsdik, nke putara ikwuputa ulo ikpe na mmadu nwere nkwo iwu (Op 23: 7; Deut 25: 1; Ilu 17:15; As 5:23).

Mgbe Chineke kwuputara na mmadu bu onye ezi omume, ya bu, o na-agu onye ezi omume, o na-ekwuputa ihe bu eziokwu, n becauseihi na Chineke apughi ikwu okwu ugha.

Kedu ihe kpatara okwu a? N’ihi na o guzosiri ike n’etiti ufodu

ndị ọkà mmụta okpukpe na Chineke na-akpọ mmadụ 'dị ka a ga-asị na ọ bụ' onye ezi omume nani site n'okwukwe o nwere na Kraịst, ya bụ, ọ na-edebe onwe ya. Maka ọfọdụ, n'ime ha anyị na-eme ka Dr. Scofield pụta ìhè, 'Chineke kwupụtara na onye mmehie bụ onye ezi omume', ya bụ, ọ na-ekwusi ike na Chineke 'anaghị eme mmadụ ka ọ buru onye eziumume'.

**"Onye mmehie ahu kwere ekwe bu onye ezi omume, ya bu na aguru ya dika onye ezi omume (...) igu ezi omume bu nnabata nke Chineke ma aputaghi ime ka mmadu buru onye ezi omume"**  
Scofield Bible na Referens, Rom 3:28, p. 0gbe 1147.

Ugbu a, Chineke agaghị ekwuputa na mmadu bu onye ezi omume, ebe o no na odighi n'onye ezi omume. Obu ihe anaghari ekwenye na Chineke kwesiri ikwuputa ma mesu dika onye ezi omume nke 0 naghị eme ka oburu onye ezi omume. Olee otu Chineke puru isi mata ihe nke na adighi ka ya?

Ayi mara na Chineke nwere ike ikpu ihe di iche iche nke adigh ka ha di na mbu (Rom 4:16), ma odigh mgbe 0 ga-ekwuputa onye mmehie ahu dika onye ezi omume. ngosi; n'ihhi na Agaghm agu ndi ajo omume n'onye ezi omume "(Op 23: 7).

Ọ buru na Chineke adighi agu ndi ajo omume n'onye ezi omume, olee otu ọ ga-esi kwe ka a kpoo onye mmehie ahụ onye ezi omume?

Pọl onyeozì kwuru n'uzo ziri ezi na "onye ezi omume nke mmehie bu ihe nwuru anwu" (Rom 6: 2-7). Ọ buru na atumatu nke mbu bu eziokwu, nke abuo bukwa eziokwu, ebe nke abuo dabere na nke mbu.

N'uzo di otua okwu a bu 'ezi omume' putara ezi echiche, ebe onye obula nke kwere n'onye Kraist nwuru.

Mgbe Pọl onyeozì jiri okwu ahụ bu 'ezi omume', ọ na-ebu n'uche ihe bu eziokwu, ya bụ, onye ahụ nwuru anwu bu onye eziumume zuru oke na mmehie!

Ọ buru na akpogideri nwoke ochie ahu na Kraist n'obe, ònye bu onye agworo nye Chineke?

Anyị maara na a napụtara Kraist n'ihu mmehie nke mmadụ, na mgbe ha kwere na Ya, ha na-anwụ wee lie.

Anyi mara na Jisos si n'onwu bilie, ya na ndi kwere ekwe biliri na ya "ya mere, oburu na unu soro Kraist bilie ugbu a, chonu ihe di n'elu, ebe Kraist noro n'aka nri Chineke" (Kol 3: 1) .

'Ihe ziri ezi' (nkwuputa ezi omume) dakwasiri nwoke ohu ahu onye ya na Kraist bilite na ndi nwuru anwu. Naanị ihe e kere ọhụrụ ka a na-ekwuputa n'ihu Chineke, n'ihu na e kere ya ọhụ n'ezị ikpe ziri ezi na ịdị nsọ.

Agaghi-agu onye nmehie na onye ezi omume, nihi na agemegide nwoke ochie ahu, onye bu onye nmehie na Kraist n'obe "n'ihu na ayi matara na, akpogidegoro nwoke ochie ayi na ya n'obe ...." (Rom 6: 6). Agaghi agu onye nmehie n'onye ezi omume n'iru Chineke, ma o nwua site nelu obe nke Kraist.

Onye nmehie nke nakweere aja nke Kraist site n'okwukwe (oziuma) ya na ya nwuru, ma mgbe o biliri, ihe okike ohuru (nke e kere eke) dika Chineke si n'onwu bilie n'ezị ikpe na idi nso. A na-ekwuputa nwoke ọhụrụ a n'ihu Chineke.

Okwu a sughariri 'ziri ezi' na 'izi ezi' putara 'mee ka ihe di mma', 'mee ezi', 'kwue ikpe ziri ezi', 'kwuputa kwu ọtọ' ma ọ bu 'kwuputa n'enweghi ikpe omuma ma kwesi inweta ntaramahuhu'. Mgbe Chineke kere nwoke ọhụrụ ahụ n'ezị ikpe ziri ezi na ịdị nsọ, ọ na-eme ihe niile omume ahụ a kowara na ngwaa ndi di n'elu.

Naanị onye e kere eke di nnoo nwere ike inata nkwuputa a sitere n'aka Chineke, ya bu, naanị mmadụ ọhụrụ, nke e kere di ka Chineke nwere ike inata nkwuputa ahụ sitere n'aka Chineke: ọ bu onye ezi omume.

“Yikwasinu kwa mmadu ohuru ahu, onye dika Chineke kere mmadu n’ime ezi omume na idi nso...” (Efe. 4:24).

Nwoke ohuru nke Chineke kere site n’aka Kraist Jisos, ya bu, onye si n’onwu bilie, bu onye e kere eke n’ezi ikpe ziri ezi na idi nso, ya mere mgbe Chineke kwuputara na ya bu onye ezi omume, o kwuru ihe bu eziokwu, banyere onodu zuru oke ma di ire. taa.

“Ewe rara Ya nye n’ihi nmehie nile ayi, me kwa ka O si nonwu bilie” (Rom 4:25);

“Nihi na onye nwuru anwu bu onye ezi omume na nmehie” (Rom 6: 7)

N’ileba anya n’amaokwu abua ndia, o doro anya na azoputara Jisos n’ihi nmehie nke ndi nmehie (oburu na madu emehiegh, Kraist aghagh inwu), na site n’onwu Ya, ikpe ziri ezi nke Chineke mezuru. ebe o bu na onye nmehie na-anata ihe ikpe ziri ezi nke Chineke kpebiri: onwu.

Ya mere, onye nwuru anwu bu onye amuru site na Chineke ma bilie rue otuto nke Chineke Nna, ebe obu na ndi kwere ekwe bilitere na Kraist. N’uzo di otua, aguwo ya n’onye ezi omume, nihi nka ka Kraist si na ndi nwuru anwu bilie: ‘o biliri ka ewe gua ayi na ndi ezi omume’ (Rom 4:25).

O buru na mmadu anabataghi esemokwu a na-ekwu na Ndi Kraist bu ndi ezi omume, mmadu ga-ekwubi na Kraist ebilighi. O buru na Kraist biliri, o bu eziokwu na Ndi Kraist biliri na Ya, ma buru ndi akporo ndi ezi omume.

Mgbe agadi nwoke ahụ soro Kraist nwuo, Chineke bu onye ezi omume. Mgbe Chineke kere mmadu onu, o bu onye ziri ezi. Na-enweghi mmegiderita o bu: O na-eme ihe ziri ezi ma na-eme ka ihe ziri ezi.

Baibul na-ekwu na ndi nile kwere na Jisos ka enyere ike ime (ike), umu Chineke. Nwoke ochie ahụ kpogidere ya n’obe, gbuo

ya, lie ya, ma nwoke ọhụrụ si na ndị nwurụ anwụ pụta. A na-ekwuputa na nwoke a dị mma.

Paul kwuputara na “onye nwuru n’ebe nmehie di n’ihu Chineke” nihi na onwu nke inwu nke nmehie bu kwa “ibi ndu” nye Chineke. Onye ekere eke site n’ozu oma, nke bu ike nke Chineke maka onye obula nke kwere, bu onye ezi omume (kwuputara n’onye ezi omume), n’ihi na obu ihe e kere eke ohuru n’ezi ikpe ziri ezi na idi nso.

Nihi nka Pol nekwu:

“Onye anaputara na nihi nmehie ayi, we bilie ka ewe gua ayi na ndi ezi omume” (Rom 4:25).

Nwoke ahu onye ezi omume n’iru Chineke abughi onye nwuru anwu, kama obu onye si n’onwu bilie, ya bu, ihe ohu ohu nke emeputara ozo na Kraist.

Mgbe Pol onyeozu na-ekwu na a na-ekpe onye nwurụ anwụ ikpe site na mmehie, o nwere echiche nke amaokwu a:

“N’ihi na ọ bu Kraist nwurụ, ma ọ bu karia, onye si n’onwu bilie, onye no n’aka nri Chineke, na kwa (Rom 8:34).

Onye obula nke nwuru n’iru ime mmehie, (ma obu karia) onye ya na Kraist biliri n’onye ezi omume, ya bu na aguwo ya onye ezi omume n’iru Chineke.

Fodu na-eche na nkwuputa ikpe ziri ezi n’akuku nke Chineke gaadi ire n’odinihu, na na, ugbu a, mmadu nwere naani nkwuputa nke ihe ga-eme n’odinihu. Nkwado abughi ya.

“Ihe ezi omume bu nkwuputa nke Chineke banyere onodu nke ihe okike ohu n’ihu Ya”

Ndi nile kwere ekwe ka enyere ike ka ha buru umu nke Chineke, umu amuru site na ochicho nke anu aru, ma obu site na ochicho mmadu ma obu obara. Ndia bu ndi amuru site na Mo, nke Chineke kere dika ezi ezi omume na idi nso (Jon 1:12 -13).

Ebe obu na ndi amuru n'ezi omume na idi nso bu ndi ezi okwu, aguru ha na ndi ezi omume n'iru Chineke (Ndi Ef 4:24). Chineke bu onye ezi omume nke ndi kwere na Kraist.

Ọbụ abụ ahụ ghotara nanị mmejọ ya dị ka ụzọ isi kwupụta ikpe ziri ezi nke Chineke. Owo ndomokiet ikemeke ndikpere se andiwet psalm akanamde.

Kaodinadi, tupu ikpe nwoke ahụ bụ onye ezi omume, Chineke mere ihe pụrụ iche: ntaramahụhụ a kara aka na-emetụta ndị ikpe mara (onwụ), na -emepụta ihe ọhụụ site n'ike ya (oziuma), ma na-ekwuputa nwoke ọhụrụ ahụ n'ihu Ya. .

Site na izi ezi, a na-amata ọtụtụ mmụọ Chineke n'etiti ndị isi na ike niile!
